

## IRELAND'S COAST & COUNTRY

**This compelling series takes us into the heart of Ireland through the stories and journeys of those who were born in the Emerald Isle, and those who've made it their home...**

Across each episode 4 passionate individuals, or groups of people, immerse us into their world. From incredible underwater dolphin encounters, to a humorous bunch of mountaineers, all aged over 70! A goat herder trying to save an ancient Irish breed from extinction, Irelands first and only vermouth makers, fine dining seafood from a tiny food truck, underground caves, tradition, myth, legend....and so much more!

Ordinary lives in extraordinary places, this series showcases Ireland's captivating *Coast & Country* through its brilliant and unique characters that call Ireland home...
