

BELLEVUE

Every town has its secrets.

Thrilling and eerie, ***Bellevue*** is set in a small blue-collar town with a lot of 'good people' who 'live right' and take it upon themselves to make sure the neighbours do too. Driving the mystery series is Detective Annie Ryder (Academy Award® winner Anna Paquin, *The Piano*), a cop whose intense and brazen personality has always been at odds with her hometown.

When a bullied teen goes missing, Annie dives in to unravel the disappearance that suggests foul play, despite finding herself in a difficult position as she must cast suspicion on people she has known all her life. As the case pulls her further away from her family, she is also confronted by a mysterious person from her past with disturbing answers and a terrifying need to get inside her head. Allen Leech (*Downton Abbey*) stars as Annie's on again, off again ex, Eddie, while Shawn Doyle (*House of Cards*) takes on the role of Annie's superior, Police Chief Peter Welland.
